1689调圈台校正卡尺

1689.1

配置文件

产品属性

- 频繁使用之后，1689专业车轮中心支架臂会脱离中心位置，可以使用控制夹尺校准支架臂，使其返回中心位置。
- For best calibration results choose the correct calibration tool for your truing stand.
- Pro truing stand V1, black and chromed finish, choose calibration tool 629229.
- Pro truing stand V2, black finish (available from June 2022), choose calibration tool 629288.
