HOME KIT 2.0

Compact tool case with smart tool selection and enough additional space for personalization. Home Kit is a perfect beginner set that you will upgrade with the selection of tools for your specific needs and build a dream set for your home workshop. 38 carefully selected high-quality Unior tools are enough for much more than just basic maintenance on just about any bike. Foam trays with cutouts will keep tools organized, while the dust and waterproof case will make sure tools will be always securely stored. Including additional blank foam tray gives room for tool case personalization, it can be cut to include some of your favorite tools or removed for extra storage space.

SET INCLUDES:

- set of 9 ball-end hexagonal wrenches. Sizes included 1.5, 2, 2.5, 3, 4, 5, 6, 8, 10
- Set of 9 Torx wrenches with a hole on a clip. Sizes included 8, 9, 10, 15, 20, 25, 27, 30, 40
- Pro Socket Handle with 1/2" square drive
- Crowfoot pedal wrench
- Rotor Wear Indicator – for quick brake rotor wear assessment
- Tools for removal and installation of the cassette – cassette lockring wrench and chain whip compatible with 6 – 12 speed cassettes.
- Chain tool (compatible with 11 and 12 speed chains)
- Master Link pliers with closing and opening function
- Chain wear indicator compatible with 6 -13 speed chains, including Sram flat top chains
- Round spoke wrench, covering 8 different spoke nipple sizes
- Bottom bracket wrench 16 notch
- 2-in-1 Disc Brake Tool, with pads spreading and rotor truing function
- Cable housing cutters
- Flat and PH screwdriver
- Set of two tire levers
- Crank cap tool and chainring nut wrench
- Cone wrenches, sizes 13, 14, 15, 16, 17
- Measuring tape 2m/6ft

ADVANTAGES:

- 38 pieces of carefully selected high-quality Unior tools
- Two SOS foam trays with cut outs for all of the tools, one in a lid and one at the bottom of the case
- Foam cutouts feature laser engraved names/codes of the tools
- Additional blank SOS foam tray for tools storage
- Waterproof and dustproof in accordance with IP67 certificate
- Watertight seal around lid
- Automatic pressure release valve
- Easy to open/close double throw latches
- Load tested soft grip handle
- Robust case from heavy-duty composite

PRO KIT 2.0

We've selected 55 essential tools perfectly suited for professional, home, or team mechanics. The toolbox is purpose-built for bike tools, crafted from heavy-duty plastic that's both waterproof and dustproof for reliable protection in any environment.

It includes a convenient hangout pallet that attaches to the front of the case, giving you quick access to frequently used tools. The pallet features 9 pockets designed to hold everything from pliers to open end wrenches. Inside the lid, two flaps close securely with Velcro straps, not only keeping tools in place during transport but also adding extra storage. When opened, the flaps and inner lid reveal 35 dedicated pockets for a wide range of tools. Larger pockets can accommodate T-handle hex wrenches up to size 10, while a specially designed small pocket securely holds L-shaped hex keys down to size 1.5, ensuring even the tiniest tools stay put. The bottom of the case houses two custom SOS foam trays with precision cut slots that keep tools securely organized and protected. These trays can easily be removed and placed nearby during work, so your setup stays efficient and tidy.

ADVANTAGES:

- The pockets are sewed together with durable nylon thread
- Waterproof and dustproof in accordance with IP67 certificate
- Watertight seal around lid
- Automatic pressure release valve
- Easy to open double throw latches
- Load tested soft grip handle
- Holes for shoulder strap (strap not included in the kit)
- Robust case from heavy-duty composite
- Corrosion free nylon pins
- Two SOS foam trays with cutouts for tools
- Hang out pallet with 9 pockets, designed to carry everything from pliers to open end wrenches
- Flaps neatly close into the lid of the tool case
- The lid can carry T handle hexes up to size 10
- Special safety tight pockets to hold small tools
- 44 pockets all together

PRO KIT TOOL CASE 2.0

- The toolbox is designed especially for bike tools; it's made of heavy duty plastic and is waterproof and dustproof.
- It features a hangout pallet that hooks to the holes on the front side of the case, allowing you to have all your tools at hand. The pallet has 9 pockets that are designed to carry everything from pliers to open end wrenches.
- Flaps in the lid can be closed tightly with the Velcro straps; when closed, they also secure the tools in place. Open flaps and inner part of the lid give you 35 individual pockets to carry your tools. The biggest pockets can take our T handle hexes up to size 10 and a special small pockets can securely hold L shaped hex down to size 1.5 or similar small tools, so nothing ever gets lost.

Advantages:

- The pockets are sewed together with durable nylon thread
- Waterproof and dustproof in accordance with IP67 certificate
- Watertight seal around lid
- Automatic pressure release valve
- Easy to open double throw latches
- Load tested soft grip handle
- Holes for shoulder strap (strap not included in the kit)
- Robust case from heavy-duty composite
- Corrosion free nylon pins
- Hang out pallet with 9 pockets, designed to carry everything from pliers to open end wrenches
- Flaps neatly close into the lid of the tool case
- The lid can carry T handle hexes up to size 10
- Special safety tight pockets to hold small tools
- 44 pockets all together and room for all your tools

MASTER TOOL KIT 2.0

Master Kit is a big brother to our popular Pro Kit, designed and tested by the professional mechanics for the professional mechanics. Thoroughly thought-out layout with extremely durable tool pockets and SOS foam trays for practical and secure organization of your tools. Pockets are sized on the dimensions of our tools, while the foam cutouts are a perfect match for them. Personalization of the case is possible with additional pockets and modular storage space in the bottom part of the case. Tool case also features wheels and retractable handle for easy transportation and is also perfect for air travel. We picked 101 pieces of our tools for this portable set that will suit your needs – no matter if you're a shop, mobile, team or demanding home mechanic.

- the toolbox is designed especially for bike tools; it's made of heavy duty plastic and is waterproof and dustproof.
- Flaps in the lid can be closed tightly with the Velcro straps; when closed, they also secure the tools in place. Open flaps and inner part of the lid are equipped with 44 individual pockets to carry your tools. The biggest pockets can take our T-handle hexes up to size 10, and a special small pockets can securely hold L-shaped hex down to size 1.5 or similar small tools, so nothing ever gets lost.
- Two side tool trays with cut out SOS foam, dimensions 280 mm × 250 mm, will keep your tools in place. When not in use the trays are stored in the case, when working the trays can be fixed on the side of the case, enabling you to have all of the tools always at hand and more space on the table for other items. Side trays are built with metal chassis for stability and strength.
- Additional SOS foam tray for tools storage (dimensions 385 mm × 280 mm) at the bottom of the case.
- Small parts organizer with three compartments and modular parts to build up to 21 compartments
- Additional space for spare parts and/or lubes.

Advantages:

- Fully equipped tool case with 101 pieces of carefully selected high-quality Unior tools
- Wheels and retractable handle with safety latch for easy transportation
- The pockets are sewed together with durable nylon thread
- Left and right SOS foam tray (280 mm × 250 mm) with tools cutouts and metal bottom that hooks on the edge of the case.
- SOS foam tray (385 mm × 280 mm) at the bottom of the case with cutouts for bigger tools
- Foam cutouts feature laser engraved names/codes of the tools
- Waterproof and dustproof in accordance with IP67 certificate
- Watertight seal around lid
- Automatic pressure release valve
- Easy to open/close double throw latches
- Load tested soft grip handle
- Robust case from heavy-duty composite
- Corrosion free nylon pins
- Option to lock the case with a padlock (not included)
- Aluminum divider at the bottom of the tool case to keep your tools organized
- Flaps neatly close into the lid of the tool case
- The lid can carry T handle hexes up to size 10
- Special safety tight pockets to hold small tools
- 44 pockets in total, three SOS foam trays that can fit 50 or more tools, small parts organizer

MASTER TOOL KIT CASE 2.0

Master Kit Tool Case is a perfect starting point for the ultimate toolbox of your dreams. Equip it with the tools of your own selection and enjoy all the customization options this case provides.

- The toolbox is designed especially for bike tools; it's made of heavy duty plastic and is waterproof and dustproof.
- Flaps in the lid can be closed tightly with the Velcro straps; when closed, they also secure the tools in place. Open flaps and inner part of the lid are equipped with 44 individual pockets to carry your tools. The biggest pockets can take our T-handle hexes up to size 10, and a special small pockets can securely hold L-shaped hex down to size 1.5 or similar small tools, so nothing ever gets lost.
- Two side tool trays with cut out SOS foam, dimensions 280 mm × 250 mm, will keep your tools in place. When not in use the trays are stored in the case, when working the trays can be fixed on the side of the case, enabling you to have all of the tools always at hand and more space on the table for other items. Side trays are built with metal chassis for stability and strength.
- Additional SOS foam tray for tools storage (dimensions 385 mm × 280 mm) at the bottom of the case.
- Additional space for spare parts and/or lubes.

Advantages:

- Wheels and retractable handle with safety latch for easy transportation
- The pockets are sewed together with durable nylon thread
- Blank trays for customization available separately, cut them yourself and create the ultimate tool case for your needs. We suggest using hot wire foam cutter or utility knife for cutting.
- Waterproof and dustproof in accordance with IP67 certificate
- Watertight seal around lid
- Automatic pressure release valve
- Easy to open/close double throw latches
- Load tested soft grip handle
- Robust case from heavy-duty composite
- Corrosion free nylon pins

- The lid can carry T handle hexes up to size 10
- Special safety tight pockets to hold small tools
- 44 pockets in total, three SOS foam trays that can fit 50 or more tools, small parts organizer

ROTOR WEAR INDICATOR

To use it, simply slide the appropriate slot on the tool over your brake rotor.

Set includes:

- If the rotor does not fit into the slot, it is still within the safe wear range
- If the rotor does fit into the slot, it has reached or exceeded its minimum thickness and should be replaced to maintain braking performance and safety
- 6 precision laser-cut measuring slots for wear limits of: 1.5 mm, 1.55 mm, 1.7 mm, 1.8 mm, 2.0 mm, and 2.3 mm — each slot is marked with the minimum thickness specification used by the most common disc brake rotor manufacturers.
- QR code linking to a step-by-step video guide
- Integrated hole for convenient hanging or storage
- Always check the minimum thickness specification printed on the rotor or consult the manufacturer's technical documentation to confirm wear limits.

SPOKE TENSION METER 2.0

The Spoke Tension Meter 2.0 is a precision instrument designed to measure spoke tension on nearly any type of bicycle spoke. It comes factory-calibrated and ready for immediate use straight out of the box.

Whether you're building from scratch or fine-tuning your wheels, the Spoke Tension Meter 2.0 delivers professional-grade precision with every wheel.

New in version 2.0:

- Bearing contact points—Now equipped with bearings at the spoke contact areas, which greatly improve measurement accuracy and repeatability
- Black surface finish—The updated black body makes the scale easier to read
- Quick access QR code—Instantly links you to the Unior Wheel Tension App, which includes conversion tables to translate measurements into kilogram-force, tool and app usage instructions, an interactive wheel tension balancing chart, and the option to print a wheel tension sheet
- Spoke thickness gauge—A built-in gauge allows for quick and easy spoke diameter identification
- Unique Calibration System—Each tool includes a dedicated calibration stick—the exact one used during its factory calibration. This allows for quick and precise recalibration at any time. Simply press the handle, insert the calibration stick, and adjust the tool's spring until the reading matches the calibration value marked on the stick. The process takes just seconds.

PROFESSIONAL MECHANIC TOOL CARRIAGE

Designed for professionals and serious enthusiasts, the Professional Mechanic Tool Carriage delivers durability, functionality, and space-saving efficiency. Its compact, mobile design provides the versatility of a workbench with the convenience of high-capacity casters, allowing you to position your tools exactly where you need them while keeping your workspace organized and clutter-free.

Carriage features:

- Material: 1.2mm thick Premium PLUS sheet metal
- Possibility to add accessories
- Blind nuts for fixing accessories are mounted to the carriage
- Static load capacity of carriage without casters: 1600kg
- Dynamic load capacity of carriages: 300 kg
- Maximum capacity of each drawer: 45kg
- 8 drawers (7x L 563 x W 365 x H 70mm, 1x L 563 x W 383 x H 150mm)
- Basic dimensions with handle and casters L 800 x W 440 x H 923mm
- Total volume of drawers: 135 litres
- Drawers are compatible with SOS tool trays 1/3, 2/3, 3/3
- Left and right side are perforated
- Includes 10 hooks dimension 50mm
- ABS plate on the top of the carriage

Tool Trays:

- General Maintenance Tray (1600SOS27): Comprehensive selection of hand tools for routine maintenance and repairs.
- Bottom Bracket and Crankset Tool Tray (1600SOS26): Everything you need to work on bottom bracket area and cranksets
- Drivetrain Maintenance Tray (1600SOS25): Tools for drivetrain maintenance and smooth operation.
- Wheel Tools Tray (1600SOS24): Cone wrench tool tray.
- General Maintenance Tray (1600SOS23): Advanced set of general tools for precision work.
- General Maintenance Tray (1600SOS22): Advanced set of general tools with pliers.
- General Maintenance Tray (1600SOS21): Advanced set of general tools with hammer and Hanger genie.

BIKE TOOL SET IN TOOL TRAY

We took the tools from our Professional Mechanic Work Bench and adopted the SOS inserts to fit drawers of our trolleys. The selection of tools is now available in seven individual trays made of high-quality foam (from model 1600SOS21 to model 1600SOS27), where each tool has its own place. Foam trays fit all models of Europlus, Eurovision, Eurostyle and Hercules carriages.

Each foam tray is available separately to match your needs.

SUSPENSION SERVICE SET

Designed for both workshop professionals and riders who prefer to handle their own maintenance, the Unior Suspension Service Set brings reliable performance and smart organization wherever you need it. It includes everything required to service suspension forks and shocks, with the most used tools neatly arranged in a high-quality SOS tool tray and stored in a durable, space-saving box—making it easy to carry and ready for any service task.

Advantages:

- Bushing extractor set – Sizes 12 mm and 12.7 mm for smooth and safe removal
- Fork seal driver tool – Fits fork slider sizes 30, 32, 34, 35, 36, 37, 38, and 40 mm
- Hex wrenches – 1.5, 2, 2.5, and 3 mm for fine adjustments
- Suspension top cap socket – made of aluminum, anodized red, 1/2" drive, sizes 24, 26, 27, 28, 30, 32
- 1/2" drive sockets – Sizes 10, 15
- 1/2" reversible ratchet – Sturdy, ergonomic, and workshop-ready
- 1/4" socket and swivel handle – Size 5 mm, ideal for tighter spaces
- Suspension wrench with strap – Designed for a secure, non-damaging grip on shocks air cans
- Waterpump box joint pliers – Reliable and strong for various tasks
- Awl with round, double bent blade – Perfect for seal removal and detailed work

DUST SEAL REMOVAL TOOL

An essential tool for any suspension service, the Unior Dust Seal Removal Tool is engineered for quick, safe, and reliable removal of dust seals from most modern suspension forks. Its slim, curved lip is carefully smoothed during production process to protect fork surfaces and slides effortlessly under the dust seal. With one controlled motion, you can cleanly and efficiently remove the seal, without scratching, forcing, or damaging the fork.

Advantages:

- **Material:** Premium Flex Plus carbon steel for superior strength and long-term durability
- **Surface finish:** Trivalent chrome plating in accordance with ISO 1456:2009, ensuring high corrosion resistance
- **Handle:** Ergonomic, heavy-duty double-component handle for a secure and comfortable grip
- **Design:** Optimized shape for precise leverage without damaging sensitive fork surfaces
- **Compatibility:** Compatible with most modern suspension forks

ROTOR TRUING FORK 2.0

A disc brake rotor truing fork is designed to straighten bent or warped disc brake rotors. The tool ensures proper alignment of the rotor for optimal braking performance and prevents rubbing against the brake pads. Different notches on the tool allow access to the disc brake rotor from various angles and directions, enabling precise and accurate truing. It is compatible with rotors up to 2.4mm thick, making it compatible with a wide range of bicycle disc brake systems.

Advantages:

- Made from laser-cut tool steel.
- Heat treated for long lasting performance
- Suitable for rotors up to 2.4mm thick
- Includes a hole for hanging the tool
- Safety tip: Always ensure disc calipers and rotors have cooled down completely before starting any work

WOODEN ANGLE WORKING PLATE WITH STAINLESS STEEL COVER

Advantages:

- Elevate Your Works pace with Unmatched Durability and Style
- Protect your valuable investment with our chipboard bench top, now enhanced with a sleek inox stainless steel cover – an unbeatable combination of style and strength. Engineered to resist corrosion, rust, and temperatures up to 100°C, this bench top is designed for long-term use, ensuring that your workspace remains as beautiful and functional as the day you set it up.
- Superior Strength and Durability: The inox stainless steel cover provides a robust shield against everyday wear and tear, ensuring that your bench top remains in top condition.
- Corrosion and Rust Resistance: Specially engineered to withstand corrosive elements and rust, extending the life of your bench top and maintaining its pristine appearance.
- Heat Resistance: Withstanding temperatures up to 100°C, this cover is perfect for handling high-temperature tasks without damage.
- Non-Porous Surface: Prevents dirt and oil stains from penetrating the material, making it easy to clean and maintain, keeping your workspace hygienic and professional.
- Long-term Reliability: Designed for durability, this bench top ensures you enjoy a consistently beautiful and functional work surface day after day.
- Invest in the longevity and aesthetics of your workshop with the Unior Wooden Bench Top and Inox Stainless Steel Cover (Article 990TW1-SST). Ensure your investment lasts and looks stunning for years to come. Get yours today!
