- 6x T-handle ball-end hex wrench (article 193HXS) dim. 3, 4, 5, 6, 7, 8

SOS tabaka mjet - avantazhe:

- materiali: ulët densitet shkumë polietileni
- Ai SOS tabaka mjet janë bërë nga polietileni të dyfishtë-shkumë të veshura, i cili është rezistent ndaj yndyrat, benzinë, naftë, tretes nitro, ngjitëse dhe vaj motorik - të gjitha të cilat lehtë mund të hiqen pa lënë asnjë tepricë të dukshëm (njollat). Ngjitëse dhe vaj motori duhet të largohen menjëherë nga pastrimi me benzinë për të shmangur errësirë të përhershme.

- These tool trays of polyethylene foam are used for clearer and better organised tool storage in tool boxes, tool cases, the drawers of tool carriages and tool cabinets. These tool trays can be used in a wide range of temperatures, do not absorb dampness and, with normal use, have a long lifespan. They protect the tools by holding them in their own specifically designed place, thus preventing them from moving uncontrollably around in the storage area. As the positions in the tray are precisely defined and designed for each specific tool, it is also easy to establish which tools are missing.

Why Choose Unior:

- Unior is a renowned brand in the industry, celebrated for its dedication to quality and innovation. With a legacy of excellence, Unior tools are crafted to meet the highest standards, ensuring reliability and outstanding performance.
