SOS工具托盘 - 优点：

- 材料：低密度聚乙烯泡沫
- SOS工具托盘使用双层泡沫聚乙烯制成，可轻松去除油脂、汽油、机油、硝基稀释液、粘合剂和车用机油，且不会留下可见残余物（污渍）。粘合剂和车用机油需要使用汽油及时去除，以免留下永久性污渍。

- These tool trays of polyethylene foam are used for clearer and better organised tool storage in tool boxes, tool cases, the drawers of tool carriages and tool cabinets. These tool trays can be used in a wide range of temperatures, do not absorb dampness and, with normal use, have a long lifespan. They protect the tools by holding them in their own specifically designed place, thus preventing them from moving uncontrollably around in the storage area. As the positions in the tray are precisely defined and designed for each specific tool, it is also easy to establish which tools are missing.

Why Choose Unior:

- Unior is a renowned brand in the industry, celebrated for its dedication to quality and innovation. With a legacy of excellence, Unior tools are crafted to meet the highest standards, ensuring reliability and outstanding performance.
