

Pro kit 2.0

1600PROKIT

Termékjellemzők

We've selected 55 essential tools perfectly suited for professional, home, or team mechanics. The toolbox is purpose-built for bike tools, crafted from heavy-duty plastic that's both waterproof and dustproof for reliable protection in any environment. It includes a convenient hangout pallet that attaches to the front of the case, giving you quick access to frequently used tools. The pallet features 9 pockets designed to hold everything from pliers to open end wrenches. Inside the lid, two flaps close securely with Velcro straps, not only keeping tools in place during transport but also adding extra storage. When opened, the flaps and inner lid reveal 35 dedicated pockets for a wide range of tools. Larger pockets can accommodate T-handle hex wrenches up to size 10, while a specially designed small pocket securely holds L-shaped hex keys down to size 1.5, ensuring even the tiniest tools stay put. The bottom of the case houses two custom SOS foam trays with precision cut slots that keep tools securely organized and protected. These trays can easily be removed and placed nearby during work, so your setup stays efficient and tidy.

Előnyök:

- The pockets are sewed together with durable nylon thread
- Waterproof and dustproof in accordance with IP67 certificate
- Watertight seal around lid
- Automatic pressure release valve
- Easy to open double throw latches

- Load tested soft grip handle
- Holes for shoulder strap (strap not included in the kit)
- Robust case from heavy-duty composite
- Corrosion free nylon pins
- Two SOS foam trays with cutouts for tools
- Hang out pallet with 9 pockets, designed to carry everything from pliers to open end wrenches
- Flaps neatly close into the lid of the tool case
- The lid can carry T handle hexes up to size 10
- Special safety tight pockets to hold small tools
- 44 pockets all together
