Set of tools in tray 1 for 1020A

SET1-1020A

Product features

- The usability of the set is underscored by its thoughtful design and practical layout within the SOS tool tray. Each wrench is securely placed in its designated spot, allowing for easy identification and quick access during tasks. This organization minimizes the time spent searching for tools, enhancing efficiency in workshop environments. The wrenches themselves feature ergonomic form and precise machining, offering users a comfortable grip and reliable performance under demanding conditions. This product is primarily aimed at professional mechanics, automotive technicians, and hobbyists who require a dependable set of wrenches for daily use.
- Tool tray dimension: 562 x 570 x 40 mm
- Compatible with drawers of work benches wide drawer cabinet

Предности на SOS влошки за алат:

- материјал: полиетиленска пена со мала густина
- SOS влошките за алат се изработени од двојно обложена полиетиленска пена, која е отпорна на масло, бензин, нитро разредувачи, лепила и моторно масло - се ова може да се отстрани без да се остават видливи флеки (остатоци). Лепилата и моторното масло треба веднаш да се отстранат со чистење со бензин за да се избегне трајна флекавост.
- These tool trays of polyethylene foam are used for clearer and better organised tool storage in tool boxes, tool cases, the drawers of tool carriages and tool cabinets. These tool trays can be used in a wide range of temperatures, do not absorb dampness and, with normal use, have a long lifespan. They protect the tools by holding them in their own specifically designed place, thus preventing them from moving uncontrollably around in the storage area. As the positions in the tray are precisely defined and designed for each specific tool, it is also easy to establish which tools are missing.

Зошто да изберете Униор:

- Unior is a renowned brand in the industry, celebrated for its dedication to quality and innovation. With a legacy of excellence, Unior tools are crafted to meet the highest standards, ensuring reliability and outstanding performance.
