Set of tools for servicing heavy machinery and vehicles

1012E

Caracteristicile produsului

- Introducing the new Unior Set 1012E – the ultimate servicing toolkit for heavy machinery and vehicles.
- Designed and engineered for professionals who demand nothing but the best, this comprehensive set expands upon our previous solution to deliver exceptional depth, flexibility and performance.
- This latest edition features 8 high-capacity trays neatly integrated into a full-sized tool-carriage format — providing more tools, better organization and faster access than ever before. Every tool is precision-manufactured and built for the rigours of workshop life: from high-torque fasteners to critical service points on heavy-duty equipment.
- When your work demands the highest level of performance, go with Unior Set 1012E — the smarter, more complete servicing solution.
- Key benefits:
- Greater tool count & diversity: Accommodates a broader range of operations, enabling you to tackle every task on heavy equipment with confidence.
- Integrated tool-carriage system: All trays mount in a single mobile cabinet ensuring optimized workflow, faster change-over and less downtime.
- Premium build quality: Engineered with chrome-vanadium alloy, ergonomically designed handles and tough finishes — for long life in demanding environments.

- Ready for the professional service bay: This set is ideal for field service teams, heavy-machinery workshops and vehicle fleets where versatility and durability count.

Unior 940EM2 Tool carriage Features:

Module din spuma SOS - Avantaje

- Material:spuma polietilenica de joasa densitate
- Modulele SOS sunt facute din spuma de polietilena dublu strat care este rezistenat la grasimi, benzina, ulei, solventi nitro, adezivi si ulei de motor - toate putand fi curatate fara a lasa urme vizibile (pete). Pentru a evita petele permanente, murdaririle cu adezivi sua uleiul de motor, acestea trebuiesc curatate imediat cu benzina.
- These tool trays of polyethylene foam are used for clearer and better organised tool storage in tool boxes, tool cases, the drawers of tool carriages and tool cabinets. These tool trays can be used in a wide range of temperatures, do not absorb dampness and, with normal use, have a long lifespan. They protect the tools by holding them in their own specifically designed place, thus preventing them from moving uncontrollably around in the storage area. As the positions in the tray are precisely defined and designed for each specific tool, it is also easy to establish which tools are missing.

Why Choose Unior:

- Unior is a renowned brand in the industry, celebrated for its dedication to quality and innovation. With a legacy of excellence, Unior tools are crafted to meet the highest standards, ensuring reliability and outstanding performance.
- Elevate your workspace with the Unior workshop equipment. Experience the perfect blend of functionality, durability, and style for all your workshop needs.
