Professional Workshop for General Maintenance

1020A1

Product features

- Unmatched Quality for Professional Mechanics and Maintenance Experts
- Elevate Your Workshop with the Unior 1020A1 Professional Workshop for General Maintenance
- Experience top-tier efficiency and durability with the Unior 1020A1 Professional Workshop for General Maintenance. Designed for the demanding environments of heavy equipment maintenance, truck and vehicle repair, and industrial service workshops, this workbench combines robust construction, ample storage, and superior functionality to boost your productivity.
- Durable Construction: Built from high-quality materials, the heavy-duty steel frame and solid worktop ensure long-lasting performance and can withstand intensive industrial use.
- Ample Storage: Featuring the integrated Unior 990WD7 Tool Chest which includes seven wide drawers, providing generous storage space for your tools and equipment, keeping your workspace organized and clutter-free.
- Ergonomic Design: Thoughtfully designed to offer a comfortable working height, reducing strain and enhancing efficiency during extended maintenance tasks.
- Versatile Usage: Ideal for a wide range of repair and maintenance operations—whether servicing heavy machinery, trucks, vehicles, or industrial equipment—making it a versatile addition to any professional workshop.

- Sleek and Professional Look: Its modern, professional design not only enhances functionality but also adds a clean and refined aesthetic to your workshop environment.

Unior Perforated Back panel with light and parapet channel

- Perforated Back Panel is made from premium PLUS sheet metal and coated with the eco color of Qualicoat quality standard, ensuring both durability and a sleek appearance. Spanning the entire width of the 2m workbench, this versatile back panel can be used with accessories such as hooks, tool holders and overhead cabinet to get the most out of additional storage space. This back panel includes integrated LED lighting for optimal workspace illumination and a convenient parapet channel for charging accessories, bike components, electric tools, or personal electronics.
- material: premium PLUS sheet metal

- Eco color of Qualicoat quality standard
- Dimensions: L 2000 x H 1155mm
- The shelf with holders extends over half of the workbench and is securely mounted to the columns. It can be adjusted to various heights and positioned at two angles: perpendicular to the perforated back or at a 12-degree incline. The shelf has a load capacity of 50 kg.
- The bin holder, 1 meter wide, provides storage space for storage bins with rear mounting, covering half the width of the workbench.
- LED lighting with a lifetime of 25000 hours and color temperature of 4000K
- Parapet channel compatible with OBO STD-D0 Modul 45 plugs

Unior 990TW Wooden Bench Top Features:

- Enhanced Durability: Treated for resistance to wear and tear, maintaining its appearance and functionality over time.
- Natural Aesthetic: Adds a touch of classic elegance to your workshop with its natural wooden finish.
- Wooden Bench Top Dimensions: Length 2m, Height 4cm, Depth 75cm
- Bench Top Material: Beech wood

Usage:

- Designed for professional mechanics and maintenance experts, experienced home mechanics, and demanding repair enthusiasts. This workbench is perfect for those who need a reliable and efficient workspace. The professional general maintenance workshop is ideal for service centers and maintenance facilities, supporting a wide range of repair operations—from routine maintenance to more demanding tasks. A valuable asset for professional technicians, maintenance personnel, and industrial environments.

Tool Trays:
