Professional Workshop for General Maintenance

1020A2

Product features

- Unmatched Quality for Professional Mechanics and Maintenance Experts
- Elevate Your Workshop with the Unior 1020A2 Professional Workshop for General Maintenance
- Experience top-tier efficiency and durability with the Unior 1020A2 Professional Workshop for General Maintenance. Designed for the demanding environments of heavy equipment maintenance, truck and vehicle repair, and industrial service workshops, this workbench combines robust construction, ample storage, and superior functionality to boost your productivity.
- Durable Construction: Built from high-quality materials, the heavy-duty steel frame and solid worktop ensure long-lasting performance and can withstand intensive industrial use.
- Ample Storage: Featuring the integrated Unior 990WD7 Tool Chest which includes seven wide drawers, providing generous storage space for your tools and equipment, keeping your workspace organized and clutter-free.
- Ergonomic Design: Thoughtfully designed to offer a comfortable working height, reducing strain and enhancing efficiency during extended maintenance tasks.
- Versatile Usage: Ideal for a wide range of repair and maintenance operations—whether servicing heavy machinery, trucks, vehicles, or industrial equipment—making it a versatile addition to any professional workshop.
- Sleek and Professional Look: Its modern, professional design not only enhances functionality but also adds a clean and refined aesthetic to your workshop environment.

Dimensions and Specifications:

- Total Size: Length 2m, Height 91cm, Depth 75cm
- Weight Capacity: 1000kg
- Workbench Code: 640342
