

# Tool set in UNIKIT tool case

971UNIKIT

NOUVEAU

## Description produit

We have selected 63 pieces of our essential tools, the perfect choice for both professional and home maintenance professionals. The case is specially designed for Unior hand tools and made from robust plastic that is resistant to water and dust, ensuring reliable protection in all conditions. It includes a convenient hangout pallet that attaches to the front of the case, giving you quick access to frequently used tools. The pallet features 9 pockets designed to hold everything from pliers to open end wrenches. Inside the lid, two flaps close securely with Velcro straps, not only keeping tools in place during transport but also adding extra storage. When opened, the flaps and inner lid reveal 35 dedicated pockets for a wide range of tools. Larger pockets can accommodate T-handle hex wrenches up to size 10, while a specially designed small pocket securely holds L-shaped hex keys down to size 1.5, ensuring even the tiniest tools stay put. The bottom of the case houses two custom SOS foam trays with precision cut slots that keep tools securely organized and protected. These trays can easily be removed and placed nearby during work, so your setup stays efficient and tidy.

## Le jeu comprend :

- 9 clés mixtes à cliquet (réf 160/6) dim 8, 10, 13, 16, 17, 18, 19, 22, 24
