

Bike frame spreader tool

1678/2BI

Product attributes

- material: premium flex plus carbon steel
- ergonomic heavy duty double component handle
- surface finish: chrome plated to standard ISO 1456:2009
- The bike pincers are designed for quick and easy removal of bike tires and tubes on older and city bikes with metal frames.
- The long handle enables you to generate sufficient force to loosen the rims allowing you enough space to simply remove the tire or tube from the wheel without having to dismount the entire wheel. Thanks to its spring lock, the tool will always remain in position allowing you to use it single handedly.
