

SOS Modul - Schlüssel-Set

964/28SOS

Profile

Produkteigenschaften

- The usability of the 964/28SOS - 621387 set is underscored by its thoughtful design and practical layout within the SOS tool tray. Each wrench is securely placed in its designated spot, allowing for easy identification and quick access during tasks. This organization minimizes the time spent searching for tools, enhancing efficiency in workshop environments. The wrenches themselves feature ergonomic form and precise machining, offering users a comfortable grip and reliable performance under demanding conditions. This product is primarily aimed at professional mechanics, automotive technicians, and hobbyists who require a dependable set of wrenches for daily use.
- Abmessungen Werkzeugeinsätze: 564 x 364 x 30 mm

Vorteile eines SOS-Moduls:

- Material: weiches Polyäthylenschaumstoff
- SOS-Module sind aus 2-färbigem geschäumten Polyethylen hergestellt. Resistent gegen Fette und Öle. Leicht mit Wasser, Seife und einer Bürste (Nagelbürste) zu reinigen.
- These tool trays of polyethylene foam are used for clearer and better organised tool storage in tool boxes, tool cases, the drawers of tool carriages and tool cabinets. These tool trays can be used in a wide range of temperatures, do not absorb dampness and, with normal use, have a long lifespan. They protect the tools by holding them in their own specifically designed place, thus preventing them from moving uncontrollably around in the storage area. As the positions in the tray are precisely defined and designed for each specific tool, it is also easy to establish which tools are missing.

Warum Unior wählen:

- Unior is a renowned brand in the industry, celebrated for its dedication to quality and innovation. With a legacy of excellence, Unior tools are crafted to meet the highest standards, ensuring reliability and outstanding performance.
