

# Bolt cutter

Hidden

596/6B

## Profiles

## Product features

- material: cutter from premium plus carbon steel
- cutting edges separately induction hardened
- steel handles, lacquered, heavy duty plastic handles

## Advantages:

- shock-absorbers on the joints absorb shocks on the handles, which happen when cutting reinforcing rod
- protection of the eccentric screws for adjustment of blades with forged recesses ensures 100% protection against unscrewing

## Usage (pictures)

## Frequently asked questions

**Can we eliminate the clearance between the blades of the bolt cutter?**

Of course. The procedure is described in the instructions.
