

# **Bolt cutter**

596/6B

#### 프로파일

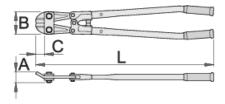

#### 제품 특징

- material: cutter from premium plus carbon steel
- cutting edges separately induction hardened
- steel handles, lacquered, heavy duty plastic handles

#### 장점:

- shock-absorbers on the joints absorb shocks on the handles, which happen when cutting reinforcing rod
- protection of the eccentric screws for adjustment of blades with forged recesses ensures 100% protection against unscrewing
