## Usage (pictures)

## Spare parts

———— Spare blade for 750B, 2 pcs set

———— Carbon saw blade for 750B, 2 pcs set

## Frequently asked questions

### **How do we know if the saw blade is spanned enough?**

The blade is spanned enough when there is no bending of the blade during cutting.

### **Can a saw be used to cut siporex?**

Unior saws are not designed to cut siporex.
