SOS ulošci za alat - prednosti:

- Materijal: polietilenska pjena niske gustoće
- SOS ulošci za alat izrađeni su od dvoslojne poliuretanske pjene, otporne na maziva, benzin, ulja, nitro razrjeđivače, ljepljiva i motorna ulja - sve ovo može se jednostavno ukloniti bez ikakvih vidljivih ostataka ili mrlja. Ljepljiva i motorna ulja moraju se odmah ukloniti čišćenjem benzinom kako bi se izbjegle trajne

mrlje. Ovi ulošci za alat su otporni u uobičajenim uvjetima te ne mijenjaju oblik sve do temperature od 80 °C.

- These tool trays of polyethylene foam are used for clearer and better organised tool storage in tool boxes, tool cases, the drawers of tool carriages and tool cabinets. These tool trays can be used in a wide range of temperatures, do not absorb dampness and, with normal use, have a long lifespan. They protect the tools by holding them in their own specifically designed place, thus preventing them from moving uncontrollably around in the storage area. As the positions in the tray are precisely defined and designed for each specific tool, it is also easy to establish which tools are missing.

Why Choose Unior:

- Unior is a renowned brand in the industry, celebrated for its dedication to quality and innovation. With a legacy of excellence, Unior tools are crafted to meet the highest standards, ensuring reliability and outstanding performance.
