

Martillo para carpinteros

805A

Perfiles

Normas

DIN 7239 form C

Características del producto

- Unior carpenter's hammer with magnet is drop forged from Premium Flex Plus carbon steel, with an induction hardened striking face and claw tip plus a lacquered tubular handle with plastic grip—made for reliable everyday carpentry work.
- material: acero al carbono para herramientas
- forjado
- cabeza y uñas templadas por inducción
- acabado superficial: pintado a epoxi
- lacquered metal tubular handle with plastic grip
- fabricado completamente de acuerdo con DIN 7239

Ventajas:

- con iman

Uso:

- on construction sites and in workshops for carpentry and general timber work (framing, assembly, fit out)
- primarily for driving nails in wood; the built in magnet helps hold the nail on the head when starting, making placement easier, while the claw allows nail pulling/removal.

Preguntas frecuentes

Can the tips on carpenters` hammers be sharpened?

Tips cannot be sharpened.

There is an eye protection mark on the hammer handles, do I have to use eye protection?

Wear the goggles for your safety, as small parts of the workpiece can break off when hitting, which can damage your eyes.
