

Bottom bracket shell installation tool

1607/4

Profiles

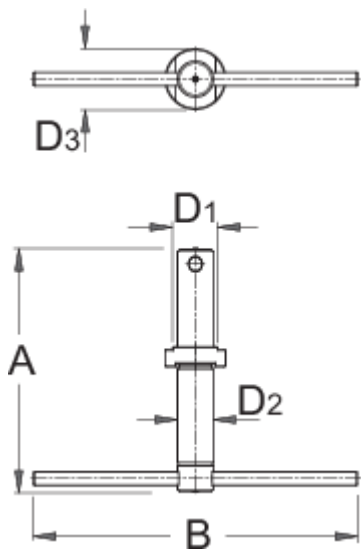

[./eng/support/warranty.](#)

Product features

- material: premium flex plus carbon steel
- surface finish: blacken to standard DIN 50938

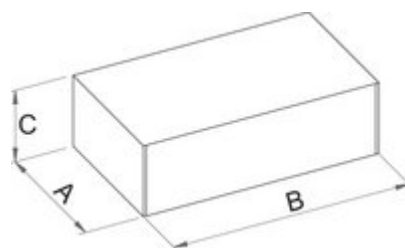

How to use the tool:

- This tool is used for the installation and removal 35.8 mm and 36.3 mm bottom bracket shell. It is made of precision tool steel with heat treatment and surface protection. The advantage of the tool is that it prevents slipping off the shell.
