

## Set of two metal tire levers

Profiles

## **Product features**

- material: premium sheet metal
- surface finish: trivalent chrome plated according to ISO 1456:2009
- Metal tire levers are used on wheels where mounting and dismounting the tires with plastic tire levers is difficult or impossible.
- Unior's 1657/2A tire levers can be stuck behind the spoke, with help of the hook on the end of the lever.
