Pinza per idraulici con giunto scatolato

447/1VDEDP

Profili

1000V IEC 60900 · Premium

Standard

DIN EN IEC 60900 (VDE 0682-201):2019-04; EN IEC 60900:2018

Attributi del prodotto

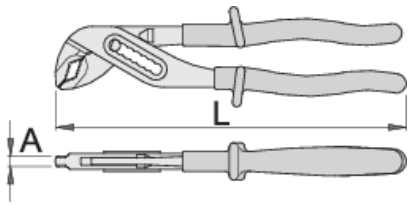

- materiale: acciaio al cromo vanadio premium
- interamente bonificato
- superfici di lavoro temprate a induzione
- finitura superficiale: cromata ISO 1456:2009
- conforme allo standard ISO 8976 e EN IEC 60900

Vantaggi:

- impugnatura bicomponente - bicolore isolata, per una doppia sicurezza
- apertura ganasce regolabile in 7 posizioni
- speciale rigonfiamento impedisce che le dita vengano schiacciate tra i manici delle pinze

Importante!

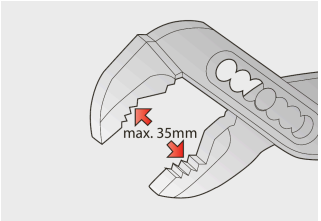

- se è visibile il secondo strato, sostituite il vostro attrezzo VDE con uno nuovo

Frequently asked questions

Are certified insulated tools made through a different procedure than non-certified insulated tools?
The tools are made according to the same procedure.

Are insulated (VDE) tools considered as personal protective equipment (PPE)?
According to EU regulations, VDE tools are not considered as PPE.

Is it possible to work with insulated pliers under electrical voltage?
Yes, but only by professionals who follow safety requirements and use additional personal protective equipment.

Are the VDE tools only being sampled in series production?
The high voltage test (at 10kV) is performed fully on each tool. Other tests are performed in accordance with the EN60900 standard.
