Product attributen

- material housing and spindle: carbon tool steel

- for removing front windscreen wiper arms
- for almost all types of cars

Voordelen:

- protects plastic on housing of wiper arms

How to use the tool:

- This tool for the removal of the front windscreen wiper arms has a robust construction and enables the application of greater forces when removing front windscreen wiper arms that have become “glued” to the drive shaft as well as extending the service life of the tool. They are used for removing wipers that are elevated above the surface of the car body. Working with this tool is straightforward and quick.
- use with wrench dimension 17
