

# Multifunctionele zijsnijtang

462/1VDEBI

## Profielen

## Product attributen

- materiaal: premium plus carbonstaal
- gesmeed, volledig gehard en getemperd
- snijkanten inductief gehard
- kop gepolijst
- afwerking oppervlak: verchromd volgens EN12540-norm
- meer-componenten handvatten voor zwaar gebruik
- beantwoordt aan de EN IEC 60900-norm

## Voordelen:

- Strippen van isolatie van enkele geleiders 1,5mm<sup>2</sup> en 2,5mm<sup>2</sup>

## Veelgestelde vragen

### **Are certified insulated tools made through a different procedure than non-certified insulated tools?**

The tools are made according to the same procedure.

### **Are insulated (VDE) tools considered as personal protective equipment (PPE)?**

According to EU regulations, VDE tools are not considered as PPE.

### **Is it possible to work with insulated pliers under electrical voltage?**

Yes, but only by professionals who follow safety requirements and use additional personal protective equipment.

### **Are the VDE tools only being sampled in series production?**

The high voltage test (at 10kV) is performed fully on each tool. Other tests are performed in accordance with the EN60900 standard.
