

# Multifunctional diagonal cutting nippers

462/1VDEDP

## Profiles

## Product features

- material: premium plus carbon steel
- drop forged, entirely hardened and tempered
- cutting edges induction hardened
- head polished
- surface finish: trivalent chrome plated to standard ISO 1456:2009
- made according to standard EN IEC 60900

## Advantages:

- Stripping off insulation of single conductors 1,5 mm<sup>2</sup> and 2,5mm<sup>2</sup>
- handles are insulated with double layered - double coloured insulation for additional safety

## Important!

- if second layer is visible, replace your insulated tool with a new one.

## Frequently asked questions

### **Are certified insulated tools made through a different procedure than non-certified insulated tools?**

The tools are made according to the same procedure.

### **Are insulated (VDE) tools considered as personal protective equipment (PPE)?**

According to EU regulations, VDE tools are not considered as PPE.

### **Is it possible to work with insulated pliers under electrical voltage?**

Yes, but only by professionals who follow safety requirements and use additional personal protective equipment.

### **Are the VDE tools only being sampled in series production?**

The high voltage test (at 10kV) is performed fully on each tool. Other tests are performed in accordance with the EN60900 standard.
