

# Multifunctional diagonal cutting nippers

462/1VDEDP

## Profiles

## Product features

- material: premium plus carbon steel
- drop forged, entirely hardened and tempered
- cutting edges induction hardened
- head polished
- surface finish: trivalent chrome plated to standard ISO 1456:2009
- made according to standard EN IEC 60900

## Advantages:

- Stripping off insulation of single conductors 1,5 mm<sup>2</sup> and 2,5mm<sup>2</sup>
- handles are insulated with double layered - double coloured insulation for additional safety

## Important!

- if second layer is visible, replace your insulated tool with a new one.

	L	B	A	C

## Frequently asked questions

### Are certified insulated tools made through a different procedure than non-certified insulated tools?

The tools are made according to the same procedure.

### Are insulated (VDE) tools considered as personal protective equipment (PPE)?

According to EU regulations, VDE tools are not considered as PPE.

### Is it possible to work with insulated pliers under electrical voltage?

Yes, but only by professionals who follow safety requirements and use additional personal protective equipment.

### Are the VDE tools only being sampled in series production?

The high voltage test (at 10kV) is performed fully on each tool. Other tests are performed in accordance with the EN60900 standard.
