Cable puller pliers with lock

1642.1/2P-US

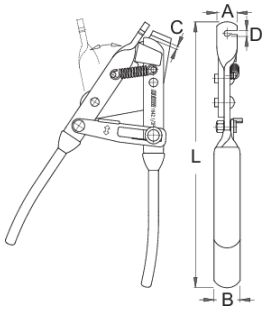

Profielen

Product attributen

- materiaal: premium plus carbonstaal
- surface finish: trivalent chrome plated according to ISO 1456:2009
- double plastic dipped handles

How to use the tool:

- The basic function of the inner wire pliers is to tension brake and derailleur steel cables. It is used for holding the inner cable and pulling it out of the housing. The safety lock is activated with a thumb push. The pliers can now be released and the cable fixed. The lock is automatically released by squeezing handles together. The additional safety lock enables easier, faster and more comfortable use.
