

Unior priročnik kolesarski mehanik #1

KAT.BIKEBOOK1

Atributi izdelka

- Knjigo je napisala Denise Belzil, vrhunska serviserka z več kot 30 let izkušnjami na področju servisiranja in vzdrževanja koles
- Bogato opremljena navodila z veliko slikami, ki skozi postopke vodijo profesionalne in domače mehanike
- Prva knjiga zajema teme pesta, gonilne osi in krmilni ležaji (274 strani). Druga knjiga, ki je prav tako na voljo tukaj KAT.BIKEBOOK2 (<https://uniortools.com/slo/product/KAT-BIKEBOOK2-unior-priročnik-kolesarski-mehanik-2#907980>), pokriva teme prestavnega in zavornega sistema (318 strani).
- Spiralna vezava za enostavno uporabo
- Visoko kvaliteten laminiran papir za dolgo življenjsko dobo v delavnici
