제품 특징

- These ultra-powerful cutters are used to easily cut metal wire, including hardened and tempered alloys, and other extruded metals. They are ergonomically designed to apply a maximum force, while being easy on the hands. Drop-forged from high carbon steel with induction hardened cutting edges, PowerShark cutter can cut through up to 6mm of soft metal wire, 3,5 mm of hard steel, and 3 mm of tempered piano wire or steel springs. In addition to wire, the Powershark cutters will quickly and cleanly cut through 4mm diameter nails, screws and rivets.

- drop forged from Premium Hard Plus carbon steel

- double-dipped plastic non-slip handles provide good ergonomic hand grip

장점:

- fully hardened to ~47HRc, with cutting edges induction hardened to ~64HRc

- finished with an anti-corrosive black coating and lightly oiled

- central cutting edges leave a bevelled finish on both sides of the cut

용도:

- 정밀 커팅: 연질 6mm이하, 강질 커트 3.5mm이하, 피아노선 3mm 이하
- easily cuts parts such as screws, nails, rivets, etc. up to 4 mm thickness
