

Motorcycle garage pit mat

1863MOTO

Profiles

Product features

- nylon top on nitrile rubber back
- better working condition for mechanics (soft material by working around motorcycle and by repairing no need to have knee pad)
- protect floor against damages in case of falling tools, sliding of motorcycle stand and etc.
- prevents spills of liquids (oil, water and gasoline) due to extreme absorption
- motorcycle garage pit mat is washable
- motorcycle garage pit mat is oil and gasoline resistant
- when servicing motorcycles, the motorcycle garage pit mat is FIM-compliant, a must-have box in MX and enduro racing
