

Height extension kit for Electric repair stand 1.0

1693EL.11

Product features

- Do you or your employee(s) fit in the taller category? Or you would like to access the bicycle from a different angle?
- Height extension kit is a perfect solution for taller technicians as it lifts the highest and the lowest position of the clamp on your electric repair stand 25 cm higher. As the bicycle can be lifted higher from

the ground it also enables a view and access that was previously not possible or at least not practical.

- Extension mounts between the electric repair stand column and the metal fixed plate or the floor. The height extension kit is only compatible with the Unior electric repair stands with the aluminum main column.
- The height extension kit is only compatible with the Unior electric repair stand 1.0 with the aluminum main column, not compatible with Electric repair stand 2.0,(available from summer 2024).
