

T-handle hex wrench

196HX

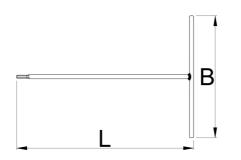

Profiles

Cr*

Product features

- material: premium plus carbon steel
- surface finish: zinc plated according to ISO 2081:2018 (E)
- HX profile is induction hardened

- The color code of the wrench dimension is located on the T-handle.
- The wrench is also characterized by its low weight and excellent working balance. The lenght of Twrench ensures accessibility to places that cannot be reached with conventional wrenches. The colorcoded dimension marking ensures easy and quick identification and selection of the right dimension for your job.
